## LASL Geothermal Film Arouses Much Interest

Telstar High School students and other citizens of Oxford County may have been among the first in New England to see the award-winning film produced by the Los Alamos Scientific Laboratory (LASL) showing the tremendous energy potential of Hot Dry Rock. This LASL film, which was named "Best Science Film of 1978" by the Information Film Producers Association, was shown to three separate Telstar groups on Wednesday morning, March 14, by Donald Eddy with the collaboration of Larry Arsenault, of the Telstar Science Department. That evening, Eddy and Arsenault projected the film for viewing by the Oxford County Mineral and Gem Association (OCMGA) at the Moses Mason Meeting Room in Bethel.

A lively discussion followed the OCMGA presentation. Club members noted (a) that the Maine Yankee nuclear power plant has been obliged to shut down for an indefinite period owing to safety problems; (b) that Maine is at the end of the line for all conventional fuels (except wood); (c) that Hot Dry Rock is a resource of which Maine has an abundance; (d) that the development of this resource offers promise of being cost-effective and relatively speedy, in addition to being non-polluting and safe, and (e) that the most promising area of Hot Dry Rock in the Eastern States is "Conway" granite, which underlies at least the whole southern half of Maine. In view of these factors, the club instructed Donald Eddy to try to find out what is being done at an official level to ensure that the next Hot Dry Rock demonstration project is sited right here in the "Conway" granite.

Loring Swain of Dixfield reported to the OCMGA meeting that word of the LASL film had reached the University of Maine, Farmington, and that Dr. Berry of the geology department there wanted to know how the film could be obtain from LASL for showing at the University. Donald Eddy arranged for Loring Swain to take the film and relevant LASL documentary material to Dr. Berry for showing at the University of Maine before the film is returned to Los Alamos.

### M. S. A. D. #44 DIRECTORS TO MEET MONDAY AT TELSTAR

A regular meeting of the M. S. A. D. #44 board of directors is scheduled for next Monday evening, March 26, at 7:30 in the library at Telstar Regional High School.

The agenda calls for election of a board chairman and vice chairman for the ensuing year and the naming of board finance and negotiating committees.

Action is scheduled on the following: proposed Teacher Aide Employment Agreement for fiscal years 1980 and 1981; one Adult Ed. position for the balance of FY '79; staff resignations; posting of positions. Action also will be requested on contract and salary agreement status for teachers in the District for the 1979-80 school year.

The directors will also take action concerning the purchase of a truck to replace a 1971 pick up.

There will be discussion on the limited use of district-owned buses to support area tourism, and of the FY 1980 S. A. D. #44 budget.

### "PROJECT HELP" OR BLUE LIGHT

The Oxford County Sheriff's Department is sponsoring "Project Help," an alert system to benefit the elderly, or any persons living alone, as a method of obtaining help in an emergency.

Bethel Senior Citizens, many who do live alone, are very interested in alerting our community to what the signal is, and what it means. Even a small child can be taught to get help if they see a "Blue Flasher".

The Unit consists of a light fixture or lamp with a flashing blue light bulb that can be seen day or night. Placed in or near a window facing the street, or a nearby house, it can readily be seen by a passerby or neighbor. The flasher is a small metal disk, about the size of a quarter that is placed under the light bulb and when the lamp is turned on it causes it to flash. These bulbs and flashers can be bought very inexpensively in a hardware or drug store.

The signal is used to direct help to a home quickly, and a fast response could very well save a life. Anyone seeing such a signal, should either investigate himself, or notify someone else to do so at once. Let us be aware.

### ATTENDANCE GOOD AT MT. ABRAM FISH & GAME MEETING—AUCTION HELD

At the April meeting the guest speaker will be Blaine Mills of Locke Mills, who will show personal slides.

### SUNSET REBEKAH LODGE MEETING MARCH 26

Sunset Rebekah Lodge will hold a regular meeting on Monday, March 26. It is very important that all officers and members attend. April 2 will be inspection.

## Annual Bethel Election Held Monday – Vote Tuesday to Spend $386,681 in '79 – Action on "Plan" Tabled Until April 24

Bethel's annual municipal election was held on Monday of this week with 245 local voters exercising their franchise at the Bethel Fire Station. Unopposed in the ballotting, Samuel H. Timberlake was re-elected to the boards of selectmen and assessors. Timberlake received 215 votes for selectman, and 212 for assessor.

In the three-way contest for two seats on the S. A. D. #44 board of directors, John C. Laban received 195 votes; Ruth W. Feeney, 178, with incumbent Michael J. O'Donnell polling 77 votes.

In the business portion of the annual meeting held Tuesday evening at the Telstar Auditorium, about 100 local voters approved municipal expenditures for 1979 in the amount of $386,681. Approval of $51,000 in Federal Revenue Sharing; $110,000 from surplus, and $3,607.95 in Excess Inventory Reimbursement reduced the amount to be raised by taxation to $222,073.05. In 1978 the total appropriated was $368,654 with $176,588.25 to be raised by taxation.

The voters approved the using of $24,000 in Federal Revenue Sharing funds for the purchase of a diesel truck for the highway department.

In discussion and action on the warrant voters attending the the meeting followed the recommendations of the budget committee and/or selectmen in all cases, with little discussion on most items. The greatest amount of discussion on an appropriation article was engendered by the request of the Greater Bethel Chamber of Commerce for town funds. An attempt to appropriate $250 for the purpose failed, and the voters followed the recommendations of the budget committee and selectmen to appropriate no money under the article.

As a result of voter action taxes will become due and payable on Oct. 1, 1979, and interest at the rate of 1.125% per month or part thereof shall be charged on any balance unpaid Nov. 30, retroactive to Oct. 1.

The selectmen were authorized to sell and convey real estate acquired for non-payment of taxes; appoint four members of the budget committee and make appointments to fill unexpired terms; carry balances forward at the end of the fiscal year if they deem it advisable; appoint a tree warden and an electrical inspector. Authority was granted enabling the tax collector to accept payment of taxes not yet due or assessed.

A "Planning Board Ordinance" and a "Board of Appeals Ordinance" were also approved.

Following extended discussion, action on a "Town of Bethel Comprehensive Plan — 1979" was tabled until a special meeting to be held Tuesday, April 24. Most concern was expressed over the fact that copies of the plan were not generally available so that voters could read and become familiar with its contents and recommendations.

The voters recommended that the selectmen allow a license to Mundt-Allen Post #81, American Legion, to conduct a game of chance known as sealed tickets.

William Cousins served as moderator of the two and a half hour annual business meeting of the town.

See appropriation summary on Page Four.

### REGIONAL WORKSHOP HELD AT MOSES MASON HOUSE

Approximately 20 persons attended an all-day regional workshop for historical organizations sponsored by the Maine State Museum in cooperation with the Bethel Historical Society, Wednesday, March 15, in the meeting room of the Dr. Moses Mason Museum. The session was conducted by Ronald Kley, Head of Collections at the State Museum who gave participants valuable advice on the topic "Raising Money and Other Resources." Kley discussed ways to approach potential donors, the need for a clear definition of institutional purposes and some of the problems with seeking government and private foundation grants.

Society Director Stanley Howe provided a brief sketch of the financial history of the Bethel Society which was used as a case study. Additional remarks on the finances of the Bethel Society were provided by Treasurer Margaret Joy Tibbetts.

Participants included representatives from the Androscoggin Historical Society, Auburn; Dixfield Historical Society, Rumford Historical Society, Pejepscot Historical Museum and the host Society.

## From the Bethel Town Office

### Annual Position Appointments; Airport Master Plan Grant; to be on Selectmen's Agenda for March 26

Bethel's Annual Town meeting was held Monday, March 19 and Tuesday, March 20. Results of the Municipal election on Monday and actions of the general meeting on Tuesday are covered in a separate article.

Action on the adoption of a Comprehensive Plan for the Town was tabled at Town Meeting to a Special Town Meeting to be held on April 24. Copies of the proposed Comprehensive Plan are available at the Town Office. The plan is a summary of the town's resources and an assessment of its needs, together with recommendations as to how these needs may be addressed. It includes studies of the Town's history, natural resources, parks, recreation, health services, as well as a description of its municipal government and its major public services. An errata sheet, correcting misprints and slight errors in the text, is available with the plan. Extra copies of the errata sheet are available for those who received their copies of the plan without them.

The Board of Selectmen will meet Monday evening, March 26 at 7:00 p. m. in the meeting room of the Bethel Savings Bank. Agenda items will include annual position appointments, consideration of the Airport Master Plan grant offer, election of Board Chairman for 1979, and review of proposed activities of the Shrine Field Day on June 9.

On Tuesday evening, March 27, the Selectmen will meet with representatives of Dubois and King to discuss their recommendations regarding upgrade of Bethel's sewer collection system and treatment facility.

### STATE OF MAINE HOUSE OF REPRESENTATIVES
**Karen L. Brown**

License to carry a concealed weapon was the topic of a public hearing before the Committee of Legal Affairs this week. The sponsor, Rep. Laffin, withdrew the legislation aftr two hours of citizens expressing their disapproval to apply for concealed weapons permits. This is the only legislation of this nature expected this session.

There will be a public informational meeting to discuss the Emergency Medical Services Regulations. The intent of this April 4 meeting is to hear problems associated with the new regulations. The public meeting scheduled near us at the Central Maine Vocational Technical Institute in Auburn at 7 p. m. in the Lecture Hall.

All non-profit corporations formed **prior** to January 1, 1978, are now required to file bienniel reports with the Secretary of State. To comply with this law, the Secretary of State must have the name and address of the **Agent** representing each corporation. Once they have registered, they will be sent the biennial report form.

Included in this non-profit corporation list are groups like: Granges, Sports clubs, Cemetery Associations, Libraries, Volunteer Fire Associations, Lodges, Veterans' Organizations and other Fraternal, Social or Civic groups (local independent churches are exempt).

These non-profit organizations should immediately contact the Office of the Secretary of State, State Office Building, Augusta, Maine 04333. 289-3676.

## Upton
**— Mrs. Arline Bernier, Corres. —**

Town meeting was held Saturday at the school house with 32 voters and a few non-voters present. Stephen Wight of Sunday River was elected moderator and the following officers were elected: Town Clerk, Chris Murphy; Selectmen, Gilles Viens, Leslie Aron, Richard LeComte; Treasurer and Tax Collector, Christine Murphy; Road Commissioner, Gilles Viens; School Committee member, Allen Murphy.

Bills were presented and some discussion followed, chiefly as to why the first selectman asked nearly 15% increase from the 2nd selectman's bill and the third asked close to 30% increase. It was suggested that they be more conformed in the future. There was also discussion of folding votes, putting in one for another person, and a count of eligible voters.

Discussion of the library and displeasure that it has not been opened more frequently, even daily, took a few minutes. Other amounts of money raised was under discussion with some increase, some decrease, and some held over until school budget meeting to allow officers to survey information and needs. There was also discussion of possibilities of acquiring new machinery and a garage at a reasonable cost for Upton. The selectmen were requested to pursue this further along with people who offered suggestions at the meeting.

Voters chose to keep grade school bus route as is and to send all 9-12 grade students via bus to Telstar.

So many snow machines passed by the house over the week end, I wonder if they'd been given out as door prizes or on 1 cent sale someplace.

Spring is here in date only. The snow, except in places where it has been shoveled or plowed down is deep. The snow has just gone enough to make us more anxious than ever to see bare ground again. The nights are still freezing; but it is good sap weather.

Andy Smith, son of Mr. and Mrs. Homer Smith Jr. and Matthew Laban, son of Mr. and Mrs. John Laban, went with Cub Scouts x-country skiing at Sunday River and also took their lunch.

## Greenwood City
**— Mrs. Colista Morgan, Corres. —**

The crust has been so good this week that I have taken advantage of it and climbed the mountains, circled the ponds, and walked miles in the woods.

After returning from a blood test at the hospital one morning I checked the temperature which was plus 12 degrees, put on my hiking togs, including my ear muffs, for the wind was blowing, took a pole, for I planned on climbing and set out at nine fifteen.

I went first up the Spring Road, continued up by the blackberry patch, then on up Noyes Mountain.

I noticed that the trees are slowly working toward leaf and blossoms. There are no maple leaves or blossoms yet in sight although syrup makers at times have been busy. It will be April before the trees shed their bud scales and those first maple blossoms appear.

After some time I came to the one time logging road which led beyond the Garland cellar holes, the Garland cemetery, and on to the top of the mountain where once stood Buck's camp.

I had no plans as to where or how far I'd go. It was so nice that I continued up; climbing quite rapidly. Some times I cut across an open section, and stopped to view the scenery. Other times I kept to the woods where the wind did not hit as strongly.

The view would be better going back, as I'd be facing the mountains and the valleys.

A partridge shot away with a startling rattle of wings.

Once I caught a glimpse of what I thought was an old broken fence post. As I drew nearer the "post" decided to rush away. It was a fox, which had been on its haunches about 20 paces from the road staring at me.

As I moved toward the Buck lot there was just the sound of the wind in the trees. There seemed to be a sense of mystery through which I was walking—a sense that I can not express only by saying I felt out of time with the place. A vague feeling swept over me somewhat like being watched. The feeling grew and grew. Then I came upon "Desolate Hill". What a change from years past? All the large timber cut away. The cozy camp in ruins. I shall remember it today as a symbol of desolation, a place where I felt lost, but the visits of earlier years will also remain.

I turned, faced the mountains, and hurried on over the continuous snowfield; frozen so solid as scarcely to yield at all to my tread; just compressing enough to make a crisp frosty sound which I enjoyed.

Suddenly I realized that I had been gone from home two hours and should be back to get lunch. I also decided I'd hike again in the afternoon which I did.

There are many things about which I could write but not at this time. I did get a real surprise, a mud turtle or painted turtle in a brook. It was very cold indeed for it barely moved its head when I touched it with a stick. Now I have questions. Is it early out of the mud? And how does it breathe? I have been unable to find out. Does anyone know?

Now looking down across the pond tonight, I am struck, as always with the strange shimmering play of the hills under the bright moonlight on the bluff and adjoining slopes. The shimmering moonlit bubble glows forth from the snow clad slopes with their ridge of trees dark against the sky. Some places seem to have an inner light of their own, which appears even richer than that of the moon. I watch and note the beauty, which we in the country know so well.

—

On Tuesday afternoon Club Eight met and went to see Doris Hayes at her home. It was a complete surprise to her. Each took some cooked food or a package for her. She has been unable to get about for two weeks because of a fall and leg injury. On Saturday she was taken to the hospital at Norway for a stay until her leg heals.

On Saturday I attended the Retired Teachers meeting with Lettie Brooks, at Bethel.

Helen Chojnacki is much better at this time and was able to join us, Club Eight, on Tuesday for the first time since early fall.

Kenneth Swan was hospitalized recently with a heart attack.

The following visitors were at the home of Frank and Dorothy Curtis this week: Fred Curtis, East Sumner; Walter Curtis, Farmington; Harry Mayberry, Biddeford; Maybell Oldham, Welchville; Mildred Bowman, Hebron; Lucy Bragg and son, Tommy, West Sumner.

The Hayes sons and other members of the famly were at the Hayes Homestead on Sunday and visited their mother at the hospital.

## Children's Center

Lots and lots of good things are going on at the Center this week. It's Hawaii Week! Activities include making Hawaiian leis, and grass skirts; reading stories on the Hawaiian culture; showing the children a dress made in Hawaii; and on Wednesday or Thursday some special activity such as music circle and eating Hawaiian meatballs for lunch!

Other activities include exercising on the big Pezzi ball; learning more about good foods and healthy bodies; the ever-popular water table and string painting in the Art Room; and possibly a visit to Groan and McGurn's green house on Thursday.

The parent-effectiveness course began Monday evening here at the Center with Phyllis Dock instructing. Hours are 7-9 o'clock. Anyone else interested?

### SENIOR CITIZENS MET WEDNESDAY, MARCH 14

The Senior Citizens met at the Odd Fellows Hall Wednesday, March 14. President Muriel Faudi presided at the meeting. The Lord's Prayer was given in unison. All officers were present and the membership now stands at 127. Reports of the secretary and treasurer were read and approved.

Cora Bennett gave her report of get-well cards to Winona Davis, Dorothy Horne, Ruth Wheeler, Harriet Forbes, Myrtle Lapham, Carla Bennett and Eva Buckman.

Joan Coolidge, president of the Oxford County Senior Citizens, Inc., at South Paris, gave a report on "Blue Light." Sheriff Alton Howe explained this at the county meeting on March 8. It is a "flashing blue light" which means help is wanted, if seen from the outside. It can be purchased at Brooks Bros. or Prim's Pharmacy here in town. It is recommended for Senior Citizens who live alone.

Muriel Faudi passed out literature relative to a boat trip in July to Boothbay Harbor and on to Cabbage Island. It is a one day excursion. She also read a letter from Dolly Dusene, executive director of the Senior Citizens Inc. Center at Keene, N. H. A visit in the future is a possibility.

Earl Mitchell, an insurance man spoke on A and B Medicare. A supplemental policy plan is necessary; with the rising cost of hospitals, Medicare is not enough to cover expenses.

Verna Swan introduced Jane Lowe, who is co-ordinator of the Oxford County Area, who spoke on needs for the elderly. She will make out reports and advise you in many ways.

Lynda Haegele, an Out Reach worker, introduced Louise Chapman, who is also in this area. Nutrition and Projects for the Elderly was her topic.

Eighty-five members and guests were seated at the tables. The head table was decorated in St. Patrick's colors and favors. Dorothy Onofrio was in charge of decorations. Selma Chapman and Merna Allen made the shamrocks for the lapels. Everyone wore them.

Those who observed their birthdays were Alice McAllister, Dorothy Graves, Agnes Haines, and Maxine Brown. Ranald Stevens gave the blessing.

The dinner was served by the staff, consisting of beef and all that goes with it, plus pies and the birthday cake. The cake was decorated in St. Patrick's color, furnished by a committee of four, Edna York, Alice Kimball, Maxine Brown, and Iva Hutchinson, cut and served by Sarah Stevens and Carolyn Brooks. Maud Danforth circulated the guest book.

Cards were read from Huldah and Richard Stevens, who are in Texas; Ethel Ward and Florence Fifield, who are still in Florida; and a thank you from Harriet Forbes, who is at the Norway nursing home.

Frank Pratt, of Mechanic Falls, an instrumentalist, played the guitar and sang songs of long ago, which all knew and joined him with his St. Patrick's music.

The next meeting will be Wednesday, April 11, at the Odd Fellows Hall. The cake will be furnished by the Herbert Rowes and the Joe Perrys. A silent auction is on the agenda. Each member is to bring an article for the game. Elizabeth Lord will be in charge.

A congratulation card to Helen and Paul Judkins was signed by all and mailed to her new address at Dixfield.

## Sunday River

— Mrs. R. M. Fleet, Corres. —

Russell Yates had to spend most of his time in bed because of his leg.

Alva Morrison Jr. came from California with a black dog and a new auto. Just new to him. Alva Morrison, Sr., came Monday. So both the menfolks have been here.

Our crows were late for town meeting, but they are here.

One mosquito came floating at me several times in my kitchen. Then it disappeared after I made a swat at it.

Sent in by Mrs. Eva H. Yates:

Not too much for news this time. The Yates have stuck quite close to home and I don't know what my neighbors do for excitement. The crust has been good all week but I am a bit too stiff kneed to go sliding. Jimmy Merrill has been coming in and exercising my dog each morning. She loves that.

Mrs. Laura Hutchins and Mrs. Marion Easter of Andover spent Friday with Eva and Russell Yates while Peggy Blake went to Norway on business.

Russell Yates came home from the hospital on Thursday. Barbara Yates went after him as he refused to walk home. His leg is still giving him far too much misery and pain.

Yep—the date for that delicious chicken pie Sunday dinner has been set for April 22. Will tell you the exact hours a little later. Keep saving those pennies too as well as an appetite for chicken pie!

## Real Estate

REALTOR

### That Beautiful Leverage

One of the great advantages in real estate investment is that wonderful word called leverage. In its simplest terms, it means using someone else's money to vastly improve your profit potential.

Real estate has traditionally been very good security for loans. This means that real estate can be acquired with a smaller percentage of cash outlay than most other investments.

Leverage arises because ALL of the income and ALL of the appreciation in property value belong to the property holder regardless of the amount of the loan.

To illustrate, assume a $100,000 property was purchased for only $10,000 cash and a $90,000 mortgage loan. Five years later, the same property is sold for $150,000 (a 50% gain in value). After paying off the $90,000 mortgage, the investor would realize, not a 50% gain, but rather a 500% gain on his actual cash investment because he only invested $10,000 not $100,000 for the property.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2579. We're here to help!

## South Woodstock

— Olive Davis, Corres. —

The Willing Workers met March 12 with Mrs. Dorothy Comley, in North Paris, with six members in attendance: Alicia Stevens, Barbara Cash, Mina H. Morgan, Nancy Mason, Olive P. Davis and the hostess.

Cards were signed for the following: Myrtle Thurlow, Iva Beck, Florence Benson, who are ill and Esther Davis, who has lost her husband this week in Florida.

It was voted to donate $25 to the Heart Fund for Guyson Davis in lieu of flowers.

Dorothy Comley furnished the program, telling us something about antiques and answering questions asked by the group.

Refreshments were served by the hostess after the meeting.

The next meeting falls on April 9 and will be held with Miriam Morgan. The program will be on art, the speaker being Joan Cannuli, South Paris who is teaching classes in art in that town.

Mrs. Bernice Davis has been to Boston where she underwent surgery this last month. She is home now and gaining well, we are glad to report. Her daughters, Ethel Davis and Edith Deegan, escorted her and remained there until she was able to leave the hospital.

I had a mourning dove Friday and a red wing black bird Saturday morning at my feed station. That should mean spring is not far off. The blackbird is a bit early.

David Clements was home from Bowdoin college this week end. Two of his friends brought him home, (Paul Carlson from Delmar, N. Y.) and his room mate, Greg Stone, from Salem, Ore. Sunday evening his mother, Marta Clements, and nephew, Karl MacLeod, took him back.

Friday night Mrs. Marta Clements and sons David, Bruce and Eric and Sondra Greenleaf, Bethel, attended Moonlight Bowling at Oxford Hills Bowling lane which lasts from 10 p. m. to 1 a. m. This was for kids bowling league members and proceeds to go to Muscular Dystrophy. Refreshments were furnished by their parents.

Mrs. Harold Wilbur Jr. attended the rehearsal at Telstar Monday night where the ladies of the district practiced basketball, preparing for the game with the Telstar girls' basketball team.

Florence Benson returned home from Maine Medical Center Sunday. She is gaining but not able to be up around too much yet. We are glad she is home.

I wonder how many read "Nixon Award Praised" by Gerry Ouellette, Lewiston Sun. I agree heartily with him. It is time to let Mr. Nixon rest.

Guyson Davis passed away Monday morning at his home in Orlando, Fla, March 12. Esther Davis and daughter Lorraine and husband, Chris Nowlin, flew home Tuesday with the body. Thursday night, seven to nine was visiting hours where many came to see the family. Funeral services were Friday at 1 o'clock at the I. W. Andrews & Sons funeral parlors. Mrs. Davis and Mr. and Mrs. Chris Nowlin flew home this week end. Much sympathy goes to the family from all their friends.

Mrs. Davis stayed with her daughter, Patsy Tibbetts, Oxford and Mr. and Mrs. Chris Nowlin visited his parents in Newry while here.

## Letters to the Editor

To the Editor:

I am writing in response to the letter which appeared in the March 15 issue of the Bethel Citizen. I would like to express my opinions on a number of points contained in the article.

In my previous letter, perhaps I exaggerated in stating that too much emphasis is placed on learning vocational skills at Telstar; even if this is so; I still believe that there is too little emphasis on college preparatory classes! The courses cited in the article as examples of Telstar's college preparatory classes were exclusively from the science, math, and foreign language departments. This is fine if one is going to be a scientist, mathematician, or linguist (though admittedly these fields can be applied to other occupations); what about the jobs that require a competent background in English grammar and writing? Even a scientist or mathematician needs to express himself correctly. As one can see, a solid high school (and junior high) English education is a must for practically every occupation.

This (and the fact that I'm majoring in history and archaeology) is the main reason why I feel that more attention should be devoted to improving these college preparatory classes mentioned. My learned colleagues argue that the high amount of English grammar learned in Telstar's French classes "does not reflect weaknesses in other departments". Why else would they agree with me that a year of "English grammar and composition would be beneficial to the college bound students" unless there were "weaknesses in other departments"?

A very important point was made in the article that the ability to enrich other people with Western Maine heritage and to be enriched in return "lies within the character of the individual". I couldn't agree more. However, aren't we limiting the choices of the individual if we neglect college preparation as a career possibility?

Yes, Telstar has "aided me substantially" in college—I would be lying if I didn't say so—yet this does not mean that we can sit back and assume that Telstar's college preparatory curriculum is perfect. We must always be willing to evaluate that which concerns us most, for without such questioning, we cannot grow.

Sincerely,
Gary Dunham

P. S. Thank you, Danny and B. G., for expressing your opinions. Have a good college year!

## WEST BETHEL UNION CHURCH

From the sermon by Bert Griffeth, pastor, West Bethel Union Church, March 11: The Doctrine of Imputed Righteousness.

Jeremiah 23:6 reads, "...and this is his name whereby he shall be called the LORD OF OUR RIGHTEOUSNESS." The righteousness of Jesus Christ is one of the first lessons that God taught man after the fall. In Genesis, Chapter 3, Adam and Eve were in the garden. Satan stepped in and beguiled them. Eve ate the apple, she also gave it to Adam. Adam thanked God for giving him the woman, and the chapter goes on to say, "...the eyes of both of them were opened, and they knew that they were naked, and they sewed fig leaves together and made themselves aprons." This is man's attempt to cover up his view of sin. We see this again in Genesis, Chapter 4 with Cain and Abel. Abel was faithful to God's word and brought the blood sacrifice of the lamb to God. Cain brought the sacrifice of the works of his hands from his gardens. Here again, we see man in his view of sin, thinking that man's works, an apron, can cover his sin. Man's view of sin is toleration, and he thinks he can sew it up with a bunch of fig leaves. God has a view of sin that is ABSOLUTE. It cannot be looked upon except through shed blood. Just as Adam and Eve had to put Christ on in the garden, our nakedness is covered by the blood of the cross when we come to Christ. This is **imputed righteousness.** The righteousness is ours simply by appropriation. But we must **receive** it. God's provision is that Christ not only died, he rose. He not only suffered, but he obeyed, and this righteousness is **imputed** to us. Imputation is the act of God whereby he accounts righteousness to the believer in Christ, and it is Christ who has borne the sin of the believer in vindication of the law.

This doctrine of imputed righteousness will generate a response in the believer to do good works. When we receive that imputation, that justification, that faith, our lives are changed completely from within. Revival begins right in the heart of the individual believer. He will say, as Joshua said, "I will follow God."

Who is a true disciple of Jesus Christ? A. W. Tozer gives us a brief outline according to John 8:31. The word of God has searched the heart of a true disciple, has reached into it and explored it, and is saying to him, "Where do you stand according to My Word—not according to what you think, or what you think My interpretation is, but how do you stand according to My Written Word?" A true disciple believes that Jesus Christ can release him from his sin. He has become a Christian in all parts of his life. He has reached the point in his Christian walk where there is no turning back. He has told the world he is a Christian, and by his acts he is a Christian. There is no turning back.

If you are relying on your good works, you must maintain a righteous standard by claiming the doctrine of **imputation of the righteousness of Christ.** This means standing forth, out where the world can see you, telling every one that you are a follower, a disciple of Christ. "Whosover therefore shall confess me before men, him will I confess also before my Father which is in heaven. But whosoever shall deny me before men, him will I also deny before my Father which is in heaven." (Matt. 10: 32, 33).

## PROGRESS ON BETHEL AREA INFORMATION BOOTH

On March 14, Peter Bachelder, Executive Assistant Manager of the Maine Publicity Bureau, met with the owners of the L & F Country Store, Mr. and Mrs. Louis Paul, in West Bethel to discuss arrangements aimed at operating a Maine Publicity Bureau information center there starting this summer. Besides Mr. Bachelder of the MPB, Donald Bennett of the local chamber of commerce, also discussed such items as supply of local information and brochures with the Pauls.

The meeting concluded with the Pauls tentatively agreeing to MPB use of their store as an information center? The MPB will give consideration to operating from the L & F Country Store this summer and determine the availability of highway signs from the Department of Transportation as well as look into the availability of a summer work student from the University of Maine. The Greater Bethel Chamber of Commerce will provide an outdoor map and brochure rack for use at times when the store is closed.

"DAFFODIL DAYS" — sponsored by the Oxford County Unit of the American Cancer Society will be observed in this area on March 30-31. Daffodils—"Flowers of Hope" will be on sale in Bethel, Dixfield and Rumford. Honorary chairman of the event is Mrs. Raymond H. Taylor (right) of Rumford shown with Miss Kara Ruff, daughter of Mr. and Mrs. William Ruff, also of Rumford, who is serving as "Miss Hope" for the second year. Mrs. Taylor's husband is resident manager of the Boise Cascade Company. Daffodil Days' Bethel Chairman is Mrs. John Trinward.

## AFRICAN POTTER VISITS ADULT ED.

Henry, a guest potter from Ghana, visited the S. A. D. #44 Adult and Community Education pottery class on Monday, March 5. He displayed two large pots in various stages of completion and described to the class how they were made. Henry explained that the round bottom pots are constructed using the coil method. The clay is then stretched and scraped with wooden tools to thin and smooth the clay walls.

Such pots are used in ceremonies in Africa, and for mixing black magic potions to scare away evil spirits. Their primary purpose, however, is for carrying water. Women carry the pots on their heads from the public water supply to their homes where the pots are put in containers of sand. The pots are unglazed and porous so that the water which comes through the clay body is evaporated by the wind, thus helping to cool the water inside the pot.

Henry also gave a demonstration on how to make a large pinch pot. The students observed his techniques and had an opportunity to try it for themselves.

During his visit to the area Henry stayed with Fay Corrin and her family for three days. Fay is the regular pottery instructor in the Adult Education program. Henry is an accomplished potter currently studying with Pat Proctor in Camden, Maine. His stay in the U. S. A. is for the purpose of studying our country, furthering his knowledge and skills in pottery, and expanding his awareness of American pottery and potters. He spent three days with Fay working in her studio, and toured the Christian Ridge Pottery Studio in Paris Hill.

## THE-MAN-BEHIND-THE-SMILE.

I don't know how he is on creeds,
I never heard him say;
But he's got a smile that fits his face
As he wears it every day.
If things go wrong, he won't complain
Just tries to see the joke;
He's always finding little ways
Of helping other folks.
He sees the good in everyone,
Their faults he never mentions;
He has a lot of confidence
In people's good intentions.
You soon forget what ails you when
You happen 'round this man.
He can cure a case of hypo —
Quicker than the doctor can.
No matter if the sky is gray,
You get his point of view,
And the clouds begin to scatter.
And the sun comes breaking through.
You'll know him if you meet him.
And you'll find it worth your while
To cultivate the friendship of
The man behind the smile.
Oh Me Oh My —
The man behind the smile
Is the one and only one
Is—Richard Felt.

Women carry the pots on their heads from the public water supply to their homes where the pots are put in containers of sand. The pots are unglazed and porous so that the water which comes through the clay body is evaporated by the wind, thus helping to cool the water inside the pot.

Henry also gave a demonstration on how to make a large pinch pot. The students observed his techniques and had an opportunity to try it for themselves.

During his visit to the area Henry stayed with Fay Corrin and her family for three days. Fay is the regular pottery instructor in the Adult Education program. Henry is an accomplished potter currently studying with Pat Proctor in Camden, Maine. His stay in the U. S. A. is for the purpose of studying our country, furthering his knowledge and skills in pottery, and expanding his awareness of American pottery and potters. He spent three days with Fay working in her studio, and toured the Christian Ridge Pottery Studio in Paris Hill.

### THE-MAN-BEHIND-THE-SMILE.

I don't know how he is on creeds,
I never heard him say;
But he's got a smile that fits his face
As he wears it every day.

If things go wrong, he won't complain
Just tries to see the joke;
He's always finding little ways
Of helping other folks.

He sees the good in everyone,
Their faults he never mentions;
He has a lot of confidence
In people's good intentions.

You soon forget what ails you when
You happen 'round this man.
He can cure a case of hypo —
Quicker than the doctor can.

No matter if the sky is gray,
You get his point of view,
And the clouds begin to scatter.
And the sun comes breaking through.

You'll know him if you meet him.
And you'll find it worth your while
To cultivate the friendship of
The man behind the smile.

Oh Me Oh My —
The man behind the smile
Is the one and only one
Is—Richard Felt.

—Dotty Fisher

### TWO ONE-ACT PLAYS

continued from Page One

Pam Lyngholm, wants to play "orphans," wherein their parents are "somehdw, away — you know, dead." Dodie, played by Mindy McElmurry, is a willing partner in the game, and their young brother Billee, played by Tim Myers, can't believe or get used to all that is happening in the game. Their father, played by Blaine MacKay would like to play a little golf and relax with his "little flask he bought for the week end." Their Mother, played by Betsey Mills, is concerned about their games because they're "morbid, dangerous." They would "just once, like to be an invisible part of their children's games." They get their chance when the whole family goes on an imaginary bus ride. What happens is thought provoking for the adults and children of the audience and stage alike.

"A Happy Journey" is Thornton Wilder's portrait of a mother and how she manages her life and the lives of her children and husband. Developing part of the themes found in Wilder's most famous work, "Our Town," the play portrays Ma Kirby, played by Tania Jo Hathaway, a middle aged mother who routinely scolds, praises, comforts and disciplines her children. Arthur, her young son who cannot keep track of his hat, and unknowingly criticises his mother's relationship with God, is played by Tim Kersey. Carolyn, who wants only to be like the other girls at school, is played by Mary MacKay. Elmer Kirby, played by John Schachter, takes the daily events in stride, including the death of his daughter's first child. Kelly Flynn plays Beulah, the oldest daughter. The family is making this "Happy Journey" to visit her after the death of her first child, who died in childbirth. Rather than giving us a moral lesson which shines clearly in the minds of the audience, Wilder portrays motherhood in America, and at the same time, an attempt to see ourselves as we really are, especially in the routine daily events of raising a family and dealing with the tragedies of existence.

The two plays are good companions in the theater. Both are staged in the fashion of most of Wilder's plays—little or no scenery, no props, and with ordinary objects such as chairs representing more realistic stage pieces: A good deal of pantomime is used and most sets and properties must be supplied through the audience's imagination.

There will be only one local performance of "Childhood" and "A Happy Journey" at 8 p. m. tonight (Thursday) in the Telstar Auditorium. Tickets are available at the door. "Childhood" can also be seen at the Drama Festival in Bath on March 23 at 1:30 p. m. in the Morse High School Auditorium. Tickets for this performance will also be on sale tonight. Proceeds from tonight's performance will be used to help pay expenses in traveling to the Drama Festival. Your attendance is gratefully appreciated.

### COOKBOOK COMMITTEE MET AT MOSES MASON HOUSE

The Bethel Historical Society's cookbook committee met on Tuesday morning at the Moses Mason House. Chairman Maxine Brown, Cathy Newell and Nancy Bentley worked on the sorting of recipes already received from society members. While a good number and variety have been collected—more are needed, especially in the areas of yeast bread, meats, pies, salads, soups, vegetables, especially potato, and game. The committee welcomes both old time recipes and current favorites—preferably identified with the donor's name and a brief remark about the recipe. Recipes may be sent to Maxine Brown or Stanley Howe, Curator of the Moses Mason House.

Mrs. Brown reported that Marge Noll has offered to help with the typing of recipes. The committee plans to meet during the week of March 26 and continue work on the cookbook.

Richard and Kim Cook, Waterville, visited her grandparents, Zip and Muriel Gilbert last Sunday. Zip's nephew, Arthur McDermott, Windham, visited them this Sunday.

Nellie Frankewicz and Muriel called on me Monday afternoon.

Yes, spring is in the air. I've seen the signs, puddles in the driveway; water running in the ditches; snowbanks withdrawing from the easterly side of the road; a dove on the lawn; and a kite flying over the field.

HUNT'S CORNER AND VICINITY

— Kathy Bennett, Corres. —

It is a beautiful spring morning. The snow is melting and there are many little streams wandering here and there in search of other streams in the long journey to the rushing brooks.

Mr. and Mrs. Arthur Wardwell had supper one night last week with Mr. and Mrs. Hugh Stearns.

Sunday, Mr. and Mrs. Howard Inman, Mr. and Mrs. Hugh Stearns and Mr. and Mrs. Frank Howard, had dinner at the Northland Dairy in Berlin, N. H.

Mrs. Edith Labbe, Mrs. Sarah Andrews and Mrs. Margaret Barton joined with me and we all attended the Women's Fellowship supper and meeting at North Waterford Wednesday.

Sunday callers at the home of Albert and Elna McAllister were Irving and Elna Hale and Russ, Denmark; Alberta White and family, Mr. and Mrs. Rodney McAllister and Mr. and Mrs. Richard Rentershan of Fryeburg.

Mahlon Grover and Helen and Linwood Ring were recent callers at the Arthur Wardwell home.

Callers last week at the Barton Farm were Dick and I and Danny, Roger and Yvette Barton and children of Brownfield and Arthur and Sarah Seavey of Conway, N. H.

Franklin Barton and brother, Roger Barton attended a coon meeting in Harrison on Sunday evening.

Spring officially arrived at K-D's Acres between 5 a.m. and 12 noon on Saturday! During that time a set of twin goats were born as well as four kittens.

Now the sap is boiling away on the cook stove, hopefully winter is over!

Callers last week were Polly, Paul and Gus McAllister, Barbara Inman and Hugh Stearns.

Friday, Dave and Doug spent the night with the Gus McAllisters in North Waterford. Saturday night supper guests here were Gus, Paul and Polly McAllister. Sunday callers were Mr. and Mrs. Irving Cole, Susan and Marie. Sunday night supper guests were my folks, Mr. and Mrs. LaForest Twitchell.

Another sign of spring here in Albany is the sight of a blue-green Comet on the road—Sarah Andrews is on the move again!

### SUE WIGHT SHOWING WORK AT RUMFORD ART EXHIBIT

Mrs. Sue Wight of Newry is exhibiting her collection of oil paintings, water colors, pen and inks, scratch boards and pastels at the Rumford Community Hospital Art Exhibit for the month of March. Mrs. Wight began her art career as a student in high school. She has studied with Lajos Matolsky for almost 14 years. At the present time she is in her sophomore year at the University of Southern Maine, Portland-Gorham, in the Art Education Program.

Sue enjoys working in all media. She says "painting from nature is never dull as there are so many fascinating things to draw and paint". She has exhibited in many of Maine's outdoor art festivals. Among them are the Portland Sidewalk Show, Berlin, Lewiston, Norway and Waterville shows. Also the Bridgton and Sugarloaf Fall Shows. She has had one woman exhibits at the Norway and South Paris banks and the public library in Bethel. She has also had paintings in the Farnsworth Museum, Waldoboro Gallery and the Bethel Art and Crafts Show. Her paintings are to be found hanging in local inns, restaurants and gift shops. Mrs. Wight has won a first place in watercolor and an honorable mention in oil.

She and her husband, Owen, have raised six children and are enjoying their three grandchildren. They have lived at their present home in Newry since 1963.

### WOODSTOCK THIRD GRADE VISITS SOUTHWORTH PLANETARIUM IN PORTLAND

Recently the third grade class of Woodstock Elementary School went on a field trip to the Southworth Planeteriam, Portland. Along with 32 children and their teachers, Mrs. Martha Johnston and Mrs. Lorraine Cyr, were parents, Mrs. Jackie Cotton, Mrs. Pat Sweetser, Mrs. Brenda Dyke, Mrs. Florence Walker, Mrs. Brenda Mason, and Mrs. Susan Rainey.

The trip was a culminating activity after studying the moon. At the planetarium the children were able to see the moon in its different phases and where it appears in the sky in relationship to the other planets. The children were most impressed by the sensation of being inside the earth and looking up at the earth while it was revolving.

An added highlight to the trip for the children was a stop at McDonald's in Westbrook for lunch.

### CAREER EDUCATION PROGRAM BEING PLANNED BY EDUCATION-WORK COUNCIL

At its March meeting on Wednesday, the Bethel Area Community Education - Work Council devoted part of the meeting to formulating goals and objectives for a career education program proposed for the fall of 1979. It is the council's plan to provide intermediate drafts of the plan to members of the MSAD #44 school board so that collaboration between the council and the board will be facilitated. The introductory phase objectives do not call for any increases in the school district's operating budget.

The goals which will be presented to the council for consideration include (1) introducing career education into the MSAD #44 system starting in September 1979, (2) determining what changes, if any, are required in the adult education program to permit follow-up classes for Telstar graduates who elect to remain in the area after graduation but feel the need of further education, and (3) to instill in students at an early stage in their school life the idea of voluntary community service and work for which there is no expectation of immediate monetary reward.

The initial draft of a career education goals and objectives paper will be based on the contents of a public letter on the subject of career education, published in The Bethel Citizen on March 8.

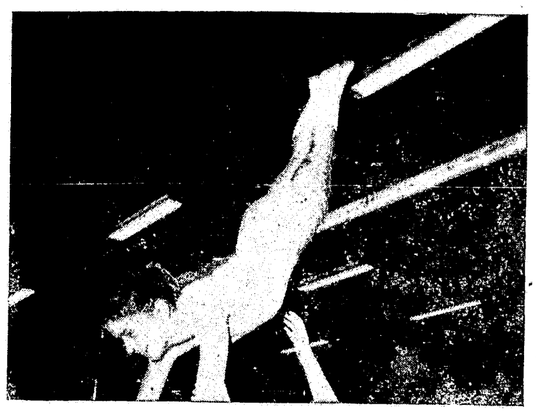
### PLANS ANNOUNCED FOR NEW BETHEL BROCHURE

The 1979 edition of the Bethel area brochure which is produced by the Greater Bethel Chamber of Commerce will focus more on answering general inquiries about the town than on tourist information. The planned layout includes sections on local history, the economy and business trends, educational facilities, social activities and the immediate surrounding area.

The brochure cover will include four photographs—the setting of Bethel in the Androscoggin valley, logging, skiing and Gould Academy. Inside the photo coverage will include Broad Street, farming on the Middle Intervale, the Sunday River covered bridge as a nearby sightseeing attraction. Telstar Regional High School, and possibly one of a student climbing Tumbledown Dick. Besides the photographs and text, there will be a map of the main roads in the area covered by the town of Bethel and listing of subscribing businesses.

At the chamber's annual meeting on Jan. 31, a $10 per business listing charge was approved as a means for obtaining funds to print this year's brochure. An application form will be mailed to all business members by March 24 so that they can indicate whether or not they want their business listed in this brochure.

Besides the Bethel brochure, the chamber will produce five tourist brochures: Lodgings and Restaurants, Local Fishing, Sightseeing, Grafton Notch and Evans Notch.



**GYMNASTIC DEMONSTRATION** — The Telstar Physical Education Department is sponsoring a gymnastics show on Tuesday, March 27, The demonstration will include students from grades 6 through 12. Beginning routines as well as intermediate and advanced work will be demonstrated on the side horse, even and uneven parallel bars, high bar, still rings, and balance beam. Floor routines on the mats will also be included.

Donations will be accepted for the purchase of additional gymnastics equipment. Bring the whole family for an evening of enjoyment. The fun starts at 7:30.

Pictured is Heather Swift, a 6th grader in the Middle School.

**SPRING ART** — Spring flowers are blooming in the Crescent Park hallways with the stuffed paper flowers the children of the 3rd and 4th grades are making in their art classes. Standing left to right are Melinda Robinson, Denis Swan and Michelle Crockett.

## German Diary

by Ann Morton

The Fasching season has just ended, and the last few days of it were very exciting in some parts of southern Germany, Austria and Switzerland.

The season begins on the eleventh minute of the eleventh hour of the eleventh day of the eleventh month. It more or less gets over-shadowed by the Christmas holidays, but events begin to pick up in the early weeks of the new year.

The customs are of Christian and pagan origin. The old Germanic tribes used wooden masks to scare away the evil spirits of the long winter nights. As these tribes moved, their customs went with them. They mingled with later Roman customs, and the word "carnival" or "Karneval" is of Latin origin. "Carne Vale" can be translated "away with meat". The festival names of KARNEVAL, FASCHING or FASTNACHT can be found in various parts of Europe.

There are many ways that the season is celebrated. Villages often have their long - lasting traditions. Costume parties, special songs, and festival parades take place. In some places a number of "Buttenredner" appear in a barrel and poke fun at events of the past year, politicians, or prominent citizens.

Cologne is famous for its festival parade with huge floats, marching bands, drill teams; a prince and princess are chosen to reign over the festivities, and people come from all over the area to see the parade. Other cities feature parades, too.

In most areas, the season reaches its peak in the final week. The final Thursday (SCHMUTZIGER DONNERSTAG) marks the beginning of the end. The last three days, known as the Three Wild Days are Fasching-Saonntag, Rosemontage and FASTNACHTSDIENE STAG. At exactly midnight preceding Ash Wednesday the Fasching season ends and Lent begins.

Berlin with its urban, Prussian influence, does very little in honor of the Fasching season as a public display. Private citizens surely use the final week end as an excuse for big parties. At the Berlin American Elementary School, the host nation teachers got the plans made for a Fasching parade by the students. Costumes, fancy hats were the order of the day, and the Army band played for the event. Due to a big snow storm, the parade had to be held in the halls and gymnasium of the school. Prizes were awarded in some classes for most original costumes.

In Austria and Berchtesgaden many people I met were just recovering from a Fasching party or anticipating one. Shop windows were decorated with thin, curly streamers, and costumes and hats were being sold.

After a long winter, it seems like a good idea to have a celebration like this. Perhaps it was successful: our snow has nearly melted, and the weather has been unseasonably warm the past week.

Mr. and Mrs. Dennis E. Bernier
